GETTING BRIDAL MEHNDI THE DAY BEFORE THE MEHNDI PARTY

This lets the bride be free to visit, greet her guests, dance, and eat. It also lessens special challenges for the artist like dim party lighting, excess noise, and other distractions.

PERSONALIZED BRIDAL PACKAGES

MODERN MINIMALIST: \$150-\$225

This is for light designs just past the ankle and wrist. Exact price depends on the specific design and if both sides of hands and feet will be done. Expect designs in this category to take approximately 2-3 hours to apply.

CLASSIC BRIDE PACKAGE: \$275-\$350

This package is for the bride who wants traditional mehndi without going overboard. Dense, delicate work on the palm side, halfway to the elbow, a little lighter on the back side, and medium density on the feet, and several inches up the calves. Exact pricing is determined by specific designs. This package will require 3-5 hours to apply.

PRINCESS PACKAGE: \$400-\$500

This is a lot of mehndi! Very dense designs on both sides of hands, up to the elbow, and detailed, full work on feet with a strip up the calf as far as the knee. Exact pricing in this category depends on whether designs include bride and groom figures, and if designs "wrap" in bands from front to back of the leg or arm. The work included in this package can take up to 8 hours for one artist. An assistant is sometimes available to speed this up at no additional cost.
